EDUCATION WEEK

Ever wonder what exactly happens day to day with your child when you send them off to school? As part of our celebration of public education, we invite you to find out by participating in our Education Week activities.

- *Open House on Tuesday, April 27 from 12:45-3:30 and on Friday, April 30 from 8:30-10*

Come on in to the school and check out a lesson in your child's classroom, chat with the principal, and have a tour of the parts of the building you may have never seen!

- *Are You Smarter Than A Middle Schooler, Friday, April 30, 10:15am. Test your knowledge of the curriculum against our students!*

Come on in and check us out!

SUMMITVIEW

HIGH EDUCATION STANDARDS ARE MET AND ARE RESPONSIVE TO EACH STUDENT'S NEEDS

Coming up in May, students in grade 6 will be writing the first part of their Language Arts and Mathematics Provincial Achievement Tests. The results of these tests and other grade level measures of achievement, including survey results, are analyzed by staff on a continuous basis to help us in our Continuous Improvement Plans. These plans are submitted annually to Alberta Education. Our entire staff works very hard to give our children the very best education possible!

POSITIVE SOCIAL SKILLS, CITIZENSHIP AND SELF WORTH ARE PROMOTED- STAFF AND STUDENTS DEMONSTRATE ACCEPTANCE RATHER THAN TOLERANCE

Staff and students took advantage of the nice weather and the spirit of Earth Day to spend some time outdoors cleaning up litter around the school and playground. Pitching in and working together we were able to make our school look like a much cleaner place in a very short time!

It's everyone's responsibility to help, and our students do a great job of doing their part!

STUDENTS HAVE THE OPPORTUNITY TO PARTICIPATE IN A VARIETY OF COMPLEMENTARY EXPERIENCES

Students in grade 7 and 8 have the opportunity to take part in some great courses to expand their learning opportunities. While some students are taking part in a digital photography course in cooperation with the Cleveland Museum of Arts, others are learning business through an Enterprise and Innovation course that has them planning, preparing and serving a lunch program to Summitview Students. Our teachers work hard to provide unique learning opportunities to all of our students!

VISION

STUDENTS ACQUIRE THE SKILLS NEEDED TO ADAPT TO A CHANGING SOCIETY

Learning how to make good decisions quickly is an essential skill in today's fast-paced world. At Summitview we strive to give our students the skills to make these decisions through developing thinking skills through problem solving. Here students in grade 5 present their thoughts on an important topic in Health. Students created and presented posters that gave them the opportunity to communicate their thinking to a larger audience.

COLLABORATIVE PARTNERSHIPS ARE FORMED WITH THE COMMUNITY IN ORDER TO ACHIEVE A POSITIVE, OPEN AND INNOVATIVE LEARNING ENVIRONMENT FOR ALL

Coming up in May we are holding our second Go Girl/Go Guy event for students in grades 4-6. This program, now in its second year, promotes healthy living choices for students through nutrition and fitness. Students will have the opportunity to participate in a variety of activities thanks to outstanding community support and volunteerism! Look for the Go Girl/Go Guy activities coming on May 27!
